But this newfound adoption should not be used as an excuse to promote unproven, non-regulated, unregulated offerings that pose a threat to investors, as they will invariably fall victim to the regulatory agencies. We must allow the dominant virtual currency to foster new, evolving and healthy projects. Unproven A lot of the cryptocurrency industry has been highly unregulated. This has led to scammers setting up dozens of account, pretending to be legitimate projects, and using the most recent 'adoption' to make an instant profit through price pumping. Trust is important to the coinbase community, and we at multiple occasions have raised flags about projects that we felt were not fully regulated. We feel it's an important duty to ensure we act responsibly and responsibly. 595f342e71
