Why does this work: \$ID = array(); \$ID = explode(" ", \$ID); foreach (\$ID as \$element) echo \$element; But this doesn't: \$ID = array(); \$ID = explode(" ", \$ID); foreach (\$ID as \$element) ; If I try to run the echo statement instead of the foreach statement it works. I really want to do the first version but I'm stuck on why it wouldn't work when I have the condition in the loop.
